

SAYA

Saya

Saya is a mark, a gesture, a graphic sign, rendered in wood to finish a space like a signature. Fluid in line, warm in material, its silhouette is bold, striking. The sum is more than the parts: Saya inspires inclusion in diverse environments from home to contract.

Made for both residential and contract use, Saya is fabricated in oak and finished in teak, and natural stain. Color stains include white, black, ochre and three shades of red to permit variable yet cohesive combination.

The 4-leg base is available in wood or chrome-finish steel.

The 4-leg chrome-finish steel version is stackable to allow for large-scale use and storage.
