

GHER

arper

Gher

Gher is a system of sleek, simple tables with solid wood legs for a warm, natural feel. The base, available in four different wood color finishes, can be combined with a range of tops available in different sizes and shapes to create a stylish, versatile look, for both home or contract use. Gher collection tables are 74 cm - 29 1/8" high and available with a round, oval, rectangular or square top. The solid natural oak legs are available in five colors: white, bleached oak, natural oak, wengé and teak. The white lacquered MDF top can be combined with all leg finishes. A version with teak-effect wood veneered top is also available to match the legs in the same color.

Designer

Lievore Altherr Molina, 2011

Lievore Altherr Molina was founded by Alberto Lievore, Jeannette Altherr and Manuel Molina in 1991. Their humanist design approach is informed by the fundamental desire for pure, beautiful forms derived from the constraints of function, technology and context. Distinguished by a multi-disciplinary method that engages furniture, interior, product and package design, their work has been globally exhibited and acknowledged. They are the recipients of the prestigious National Design Award (1999) in Spain where they practice and teach extensively.
