

## Technical data sheet 700K

Specification Perch

Dimensions in mm

Seat: H: 665-815  
W: 490  
D: 210

Total: H: 865  
W (no ArmR): 535  
D: 360

Packaging data Weight: kg 6,5  
Volume: m³ 0,09

### Basic equipment

### Benefit

Seat surface	Comfortable and extra wide seating surface upholstered in Lucia or King fabric.	Very comfortable seating support due to the wide seat. 60% of the body weight gets supported and therefore, releases joints, sinews, ligaments, spine and circular flow.
Technique	The comfort of the seat pivots by 20° to the left or right.	Consequently, it creates flexibility and increases the radius of action in order for the user to work more dynamically.
Seat height	Seat height adjustment infinitely variable from 665 - 815 mm. Self-supporting safety gas spring.	The seat height ranges up to 150 mm and therefore supports tall and small users ideally.
Glides	Hard glides for soft floors (glides can be turned over to match hard floors -> to become soft glides).	High satiability and alteration options to match the flooring.
Base/Metal parts	Aluminium base, casting powder coated black. Space saving, is a stable base and tilts forward by 4°.	The slightly tilted forward base creates a stable stand for every different movement. The standing area is step and trip safe.
Materials	All materials are segregated and recyclable.	Environmentally friendly, help to protect resources.
Norms	GS-Symbol for tested safety, tested for contaminants.	High level of safety and comfort.
Certifications	Quality management system DIN EN ISO 9001:2008, VO (EG) No. 1221/2009 (EMAS), Environmental management system DIN EN ISO 14001:2009, OHSAS, EcoVadis gold, Commitment to sustainability. Blue Angel, Bifma e3 level Platin.	High-quality product.
Warranty and Return	10 years warranty. Complete return and recycling guarantee.	Exchange of parts, free of charge within the guaranteed period.
